City

### OBJECTIVE

I'm a digital architect crafting captivating online experiences. Proficient in HTML, CSS, and JavaScript, I turn ideas into dynamic websites with innovative and efficient code. My passion for immersive web solutions, keen design eye, and industry curiosity set me apart. Let's redefine the digital landscape together, creating impactful online masterpieces.

### ABOUT ME

I am Juan Miguel Enriquez a graduating IT student currently in my fourth year major in Web Development at Holy Angel University. I am deeply interested in programming, creating websites and exploring various technologies. Through hands-on projects and coursework, I've gained valuable skills in HTML, CSS, JavaScript and more.
